Harriston

Speed Clean

80" Full width conveyor allows for maximum dirt eliminating efficiency

Four Dirt eliminating table
Options to remove dirt in any conditions

High volume blower removes vines and other debris

Dirt Eliminating Table Options

SS Ellis Table

- 6 & 12 point stars
- Narrow hubs reduce buildup of dirt on stars
- Steel stall roller evenly distributes the product for removal of undersize tubers and flat stones

Ellis Quick Adjust Table

- Table distributes product evenly to increase capacity and remove loose soil
- Stiffer finger stars remove more dirt in tough conditions

Ellis Quick Adjust Table with Curved Stars

- Gentle cleaning action using SS table 6 and 12 finger stars
- All the cleaning adjustment of a quick adjust table

Evolution Separator

- Deformable spiral rollers remove dirt and debris that standard dirt tables would leave behind
- Dirt rollers can be adjusted for gentle or more aggressive cleaning action
- Increase or decrease speed of 6 spiral rollers and 6 dirt rollers to maximize cleaning performance
- Dirt roller direction can be reversed to increase the cleaning action even in the worst of conditions
